

DIOCESAN APPROVAL PROCEDURES FOR INTERIOR PAINTING, DECORATING OR RESTORATION OF WORSHIP SPACES INCLUDING FURNISHINGS

When a parish contemplates any kind of painting decorating, renovation or restoration of the worship space, the project requires the Bishop's permission regardless of the cost of the project. Unlike the other capital improvements and extraordinary expenditures of the parish that have a \$10,000.00 threshold before the Bishop's approval is required, the worship space, because of its importance in the celebration of the liturgy, requires Bishop's approval from the first dollar spent.

The following pages list the steps that are to be taken by the pastor, with the help of his parish council or appointed committee, to follow the Diocesan approval procedures for interior painting, decorating or restoration of worship spaces including furnishings.

The Office for Property, Buildings and Cemeteries is available to assist the pastor and parishes with this approval process. For more information, please contact
